LED Floodlight Series

LED Floodlight

WW-HLY-TG-J

Areas of application:

- General illumination
- Wallwasher
- Highway/Billboard

Product benefits

- LED wallwasher luminaire with smart lighting function
- High quality patented reflector with good performance light
- Die-cast aluminum body for better heat sinking efficiency

Item NO.	Watt(W)	Lumen(LM)	CRI(Ra)	Input Voltage(V)	Size(L*W*H)(mm)
WW-HLY-TG-J-SMD50W	50W	80-100LM/W	70-80	AC85-265V	285*248*102mm

WW-HLY-TG-L

Areas of application:

- General illumination
- Wallwasher
- Highway/Billboard

Product benefits

- LED wallwasher luminaire with smart lighting function
- High quality patented reflector with good performance light
- Die-cast aluminum body for better heat sinking efficiency

WW-HLY-TG-Q

Areas of application:

- General illumination
- Wallwasher
- Highbay/Billboard

Product benefits :

- Without LED driver
- Can connect AC 110V or 220V directly

Material :

- Plastic + Aluminum / Aluminum only.

WW-HLY-TS-A

Areas of application:

- Widely used in boat light, fishing light, industrial workshop, stadium, wharf etc.

Product features:

- High quality patented reflector with good performance light.
- Aviation aluminum body for better heat sinking efficiency.
- Beam Angle: 5/10/20/30/60° .

LED Street Light

WW-HLY-LG-M

Areas of application:

- Widely used in highway, road, courtyard, playground, bridge, street and so on.

Product features:

- Integrated design, easy to install.
- Aviation aluminum body for better heat sinking efficiency.
- Beam Angle: 45/60/120° .
